75th Year, Number 24 | Truckee, Nevada County, California, Thursday, July 20, 1944 | Since 1869

WITH OUR BOYS IN SERVICE

Golden colored bars, representing each six months of overseas duty, will be presented soldiers of World War II, it was announced today from the Ninth Service Command headquarters at Fort Douglas, so some of you fellows out there have that little distinction to look forward to.

Another bit of news, not so pleasant perhaps, were figures released this week showing that fatalities to army personnel since December 7, 1941, and through April 30, 1944, aggregate 63,000.

From "Somewhere in France" this week comes a V-mail letter from Staff Sergeant Erving Waters, who evidently went through the invasion in good shape. The letter dated July 7, follows: "Dear Walt and gang: Just a few lines to let you know I arrived safely in France and getting along swell. Had a dull voyage across the channel but it was quite exciting to us G.I.'s Received a couple of papers for 11th and 18 of May so you see they always catch up to me wherever I go. Sure was swell to get them as we haven't had anything to read for a couple of weeks and I can't read French, so I'll depend on you guys at home. Well, news is pretty scarce over here so will close for now. Give my regards to all the gang and I hope to see you all soon. With best regards, Erving." What do you mean no news over there, Erv? We think you fellows are making real news every day. Keep 'em running.

Then from far-off Russia comes a letter to announce that Sgt. Paul Losey is now serving with the Eastern Command of the U. S. Strategic Air Forces in Europe "Somewhere in Russia," with a contingent of picked American troops that now staffs U. S. bomber and fighter bases in the Soviet Union. Paul was among the troops dispatched to the Soviet by the Army Air Forces and with Soviet allies they built bases in what high-ranking American officers described as a "surprisingly short time." Now soldiers of the two nations jointly operate them.

Another rare, but always welcome letter this week from Sergeant Bob Bowers up at the Boise Air Base. Bob complains of the fishing near there and is anxious to dunk a bit of bait in the Truckee again. Bob was glad to hear that a favorable decision had been rendered in the Donner Lake controversy. He was also anxious to know how to go about voting and sent best regards to all his pals here and abroad. Just write in to our county clerk, R. N. McCormack at Nevada City and he'll send along your ballot, Bob. That's excellent advice for the rest of you fellows as well. Better do it now.

We understand that Pvt. Ralph Bretthauer has gone from his first overseas base in North Africa and is now in Italy. Being a machine gunner in the infantry, Ralph is no doubt getting in a few licks at the retreating Germans. Bet it doesn't compare with pushing high balls across the counter at Tony's, eh, Ralph?

Lt. John G. Manley, son of W. S. Manley, retired postal employe, is "Somewhere in Italy". He was in the historic invasion of Rome on D-Day and from further information, he is doing nicely. His brother, Charles, is stationed at a naval base on the coast. Both youg men were employed here before going into the service.

Jim Anderson of Reno, formerly with the Forest Service here, is reported to be with the paratroopers in Italy.

..Pvt. Albert Ring is certainly seeing the south. He was recently transferred from Mississippi to North Carolina.

Signalman Bob Leamon, incidentally one of our favorite service men, writes a fish story from his base about the sailor "that got away." As a diversion from his routine Bob with others went fishing for carnivorous fish when the bites got too thick. They used the oars with such vigor that a board was pushed out of the boat bottom and the craft began to fill rapidly with water as the men swam for shore. With land under their feet once more they turned and counted 15 man-eating creatures that were sore at having been denied their vitamins for the day.

Sgt. Raymond Saibini has made good once more and is attending a radio school in distant India. His brother, Lt. (j.g.) John Saibini has written home since D-Day and is believed to be plying his course between there and here.

Pvt. John Collier, writes regularly to his dad and mother here and is reported to be still in North Africa.

Weekend Here—

Phamacist's Mate Eugene Ilardi of the Merchant Marines at San Francisco spent the weekend with Mr. and Mrs. A. R. Ghirard and family here.

Seaman George Kamp in boot camp at Farragut, Idaho, is hopefully expecting a furolugh at home about August 2 when his basic training is completed. There is something new every minute, with double shots for typhoid, watching boilers four hours on and eight hours off and sundry other duties which, to date, have little or nothing to do with radio for which he hopes to qualify in the future.

V

STATE CONTRIBUTES LARGE SUMS TO TRUCKEE SCHOOL

The state paid the Truckee elementary school district $3,866 for 1943-44 State aid to the elementary district was based on an average daily attendance of 63 elementary pupils and two teacher units, California Tax Payers association stated today, making public the first of a series of factual studies of the financial condition of California's public schools.

State aid to each elementary school district at present consists of $1,570 per teacher unit, which the law defines as 35 pupils in average daily attendance or fraction thereof, plus an extra dividend of $6.06 per child in average daily attendance throughout the state, plus further extra dividend amounting to $5.47 per child in average daily attendanve in Nevada County elementary schools, plus sums not exceeding $100 per pupil for the excess cost of educating physically handicapped children, plus other extras, the association explained.

Other expenditures of the district are financed from local property taxes.

V

TWO FIRES ARE STARTED IN AREA BY LIGHTNING

Out of the series of lightning storms that have occurred on the Truckee district the past week only two fires were caused in the area about five miles north of Truckee in the Alder Creek drainage, but both featured unusual circumstances, reports District Ranger H. I. Snider.

One lightning hit was accompanied by no rain last Friday evening, yet did not cause any visible smoke for two hours and a lively scramble ensued until the Truckee supression crew corralled it about two hours later. Two snags and several logs were ablaze before the crew could reach the fire by climbing a 2,000-foot grade to it.

The bolt Saturday was accompanied by a heavy downpour of rain but no smoke could be found in the area until Tuesday when the lookout at Martis Peak and Sardine and Verdi gave readings that crossed in such a way that Fire Control Assistant Leo Chatfield could lead his men to it without doubt of its location.

V

DELINQENCY IS TOPIC OF TALK

Although juvenile delinquency is at the present time more pronounced than ordinarily, the situation is far from as alarming as might be believed from reports, Ed Kahler, principal of the Jefferson School at Sacramento told members and guests of the Truckee Lions Club last night. He blamed war hysteria and the fact that many parents are temporarily neglecting their children for war activities for current uptrend in delinquency but added that the situation was not out of hand.

Kahler is spending the summer in Truckee and is a guest of the Englehart family.

Another speaker last night was G. O. Everman who spoke in behalf of the approaching War Chest fund appeal to start in October. He was accompanined to Truckee by Vernon Stoll and Bob Jefford of the Grass Valley Lions Club. H. J. Tregallas and Ed Lowell of Sacramento were also guests.

A birthday cake was presented to Secretary W. M. Englehart with A. P. Leitch as master of ceremonies.

V

PACE RE-ELECTED SCHOOL BOARD HEAD

At the organization meeting of the trustees of the Meadow Lake Union High School last week, Anthony Pace was re-elected president of the board and C. B. White was reelected as clerk.

V

Return after Visit—

Mr. and Mrs. Stanley Smithem and Mrs. Vivian Wilson and two children all of Oakland have returned home after a visit at the home of Sergeant and Mrs. H. B. Fowler at Gateway Park.

Vacationing Here—

A. Bianchi, veteran Truckee and Winters watchmaker, is spending a vacation here enjoying the fishing and greeting old friends.

Visiting Tahoe—

Mrs. Emma Gargan of Penryn visited friends here last week. She will spend some time with her daughter in law, Mrs. Bliss Hinkle at Tahoe City.

S. P. Division Head

M. L. Jennings, the new superintendent of Southern Paicfic's Sacramento Division, which includes this area. Jennings is not a stranger here as he worked for many years as roadmaster at Truckee and is thoroughly familiar with the local problems. He has been here this week renewing acquantances and checking over the lines in this region. Jennings replaced W. L. Hack as superintendent when Hack retired July 1. Jennings recently has been superintendent of the Portland Division.

WORKMAN USES HIS EMPLOYER'S NAME ON DRUNK CHARGE

COLFAX, July 19.— Records in the court of Justice of the Peace Jean Dittemore have been changed officially to show Harry Roland Foriersinger was arrested and charged with drunken driving and not Joe Lansberg, as previously reported.

Mrs. Dittemore said Foriersinger gave the name of his empolyer, Jos. E. Lansberg of Hobart Mills, as his own. The car was registered to Lansberg and had been borrowed by the employe for a trip to Truckee.

V

CHALLENGER IS DELAYED HERE BY BAY BLAST

Windows of seven passenger cars of the Southern Pacific Challenger were smashed by the explosion at Port Chicago which cost more than 300 lives and property damage in excess of $5,000,000 early this week.

The Challenger did not reach Truckeen until nearly 10 o'clock that day. M. L. Jennings, Sacramento district superintendent, in Truckee this week said the Challenger was in the vicinity of Port Chicago at the time the two ammunition ships exploded.

The broken windows were repaired at Sacramento before the train proceed east.

V

DATES ARE FIXED FOR CHEST DRIVE

Campaign dates for the 1944 statewide War Chest appeal have been set for October 9 to November 11, Ralph T. Fisher, president of the California War Chest announced this week.

Approximately 1000 California communities will seek funds for the services to the armed forces, United Nations relief agencies and home-front welfare services in the second War Chest campaign. The California drive is part of the nation-wide drive for $250,000,000 to meet the needs of 19 National War Fund war-related organizations as well as home-front community welfare service.

V

May Return to Service—

Louis Covallo of Reno who was discharged from the service because of illness may return to the army, it was learned this week.

Joins Family—

Ray Hughes of Woodland joined his family at their Donner Lake home this week following a recent illness. Mrs. Richard Jones and Alexis Bagerie of Woodland are guests at the Hughes home.

Visits Friends—

Mrs. T. E. Pinckney of Sacramento was here this week visiting at the P. R. Nelson home.

Here from East—

Mrs. Vernon Nelson arrived from New York and is a guest of Mr. and Mrs. V. C. Shattuck before returning to San Francisco. He husband, Capt. Nelson is now overseas with his regiment.

Visits Here—

Miss Marion Lothrop of Sacramento was here the first of the week on business before taking up her new duties as a teacher at Manteca for the coming term.

Driver Escapes As Wreck Kills 150 Sheep Here

Truck Rolls Down Grade Near Floriston; 50 Sheep Saved

Quick thinking by David L. Howell, 27, driver of a huge Bordenave and Bekeley stock truck, saved the young man's life at 11 p.m. Monday night when the truck and trailer loaded with approximately 200 head of market sheep, left the grade on Highway 40 a mile and a quarter east of Floriston and overturned twice.

One hundred and fifty of the sheep were killed or had to be destroyed as the result of the sensational crash.

Howell told State Patrolman William Gautsche who is investigating, that a front tire blew out as the truck rounded a slight curve going up the grade toward Truckee. The driver saw a mishap was unavoidable and dropped to the floor of the cab as the vehicle plunged over the grade, rolled over twice and lodged between a sharp six-foot wall of rock and the Farad flume of the Sierra Pacific Power Company, which was damaged.

Howell emerged from the flattened wreckage uninjured and gave aid to many of the sheep, although only 50 were saved.

Thirty-five of the dead animals were taken to the Reno reduction plant, but the balance yesterday were still strewn about the scene of the wreck.

Second Accident In Spot

The scene of the accident is only a few feet from where a San Francisco woman was killed three years ago when her car plunged off the same grade while driven at a high rate of speed.

V

HOSKINS IS STILL BATTING .600 IN VALLEY BASEBALL

Mr. and Mrs. Richard Hoskins and Mr. and Mrs. Maurice Packer were visiting friends in Truckee this week. Hoskins was candidat for sheriff at the last election and while he has not made any announcement, it is generally believed he will seek the office two years hence. Dick is still playing baseball and is batting well over .600 despite his competition with more youthful players. He is playing first base for Marysville this season. His son is in the navy air corps.

V

Tahoe Briefs o o

Mr. and Mrs. William Hunter of Lodi are the proud parents of a son born at Sacramento about two weeks ago. The boy weighed 7½ pounds. It is believed the child will be named for his father. Mrs. Hunter is the former Sarah Bacchi, daughter of Mr. and Mrs. George Hunter of Lake Forest.

Another blessed event occurred yesterday at St. Mary's Hospital at Reno when Mrs. U. G. (Les) Perry (nee Leatrice Goss) became the mother of a baby boy. His name and weight were not immediately learned but the mother and child were reported doing well.

..Mrs. Helga Olander reported to Constable Harry Johanson that three men broke the lock on the front door of Forest Inn Monday night and were evidently in the place for some time before empolyes, who are housed in the building were awakened by noise. The culprits hurried to a waiting car and sounded the horn as they drove away. It was not determined what was taken. Johanson investigated and found a number of finger prints which may lead to the identity of the men.

V

With Mother—

Mrs. Lois Hagey of Washington is visiting her mother, Mrs. C. M. Wray until July 28.

To Portland—

Mrs. Pearl Tanner who has been living at the Tansey home on Donner Lake left for Portland, Oregon, last week following word that her sister had died there.

Leaving for South—

Mr. and Mrs. Ray Briles are leaving this week for Los Angeles where the former will manage a restaurant for his uncle. He has been employed at the Truckee quarantine station and Mrs. Briles has been a teacher at the high school.

V

Hooker Oak, at Chico, is said to be the largest oak tree in the world.

.: Sun :. Beams

by WALTER M. BARRETT

Congratulations to Mr. and Mrs. Tom Dolley who this week announced they would open their own business on Main Street, to be known as the Donner Mercantile. These two young people are exemplifying the faith in Truckee which must be appreciated by those who make Truckee their permanent home. They have expressed confidence in the future of the community and we join other local firms and business people in saying "Welcome to Truckee Dolley's Donner Mercantile. May success follow your venture."

Despite the apparent heavy traffic in this region during July, the month has been marred by only one motor vehicle accident. This is a good record and speaks well not alone for the driving public but for the work of the state highway patrolmen in keeping accidents at a minimum. Safe and sane driving over hot highways and on mountain grades is the only answer to the accident problem.

With paper a vital war necessity, newspapers are being flooded with a press release from the Department of the Interior telling us how the japs in war relocation centers are buying bonds. Who cares. But then it does show that even the japs know a good investment when they see it, and if the bombs their bonds buy blast the whole jap nation off the face of the earth, so much the better, but we do hate to see paper wasted trying to pump jap propaganda down our throats.

V

CLARENCE OSBURNS PARENTS OF SON

Congratulations are being received by Mr. and Mrs. Clarence Osburn who are the parents of a son, Jimmy Charles, born at Reno on Monday, July 17.

Mother and son are reported doing well.

V

PLACER HERALD IS SOLD SECOND TIME

Auburn, July 19.— W. J. Chamberlin, until recently public relations officer for the army at Camp Crowder Missouri, has announced he has purchased the Placer Herald, a weekly newspaper published in Auburn since 1852. He will serve as editor and publisher succeeding C. D. Le Master of Sacramento who bought the paper one month ago from the estate of the late W. A. Shepard.

V

TRUCKEE SCOUTS ON THREE-DAY TRIP

The Truckee Boy Scouts made a three-day trip July 14, 15 and 16 to Star Lake, back of Lake Tahoe. The group included E. Dominguez, Jim Pimley, Bert Weeden and their leader Charles Brunk and his son Allen.

V

KEARNEY WRITES OF IDEAL FISHING

By F. F. Kearney

A news item that could and should be in the California newspapers next year is this: "On June 1st, the California Fish and Game Commission will release in the Truckee River, one mile east of Truckee, 2,000 trout that weigh a half pound each. The claim is made that these are the finest eating trout that have ever been produced.

"They were raised in the cold waters of Lake Tahoe, never fed any tainted food, only the best sprouted and ground grains, fish meal and meat scrap. They a very fat and as much superior to the ordinary trout in the streams as grain fed cattle are to grass fed cattle.

"There is only one objection to these trout. They a so well fed and have stored up so much fat that they are not hungary and it will take a good fisherman to lure them to bite. After they have been in the river for a short time they will lose some of their fat, be hungry and easier to catch. Quite a number of folks are going to Truckee to catch their share of these trout."

V

Recuperating—

Joseph Hirsch of Sacramento, formerly of Hirschdale is visiting the home of Mr. and Mrs. Frank Cozzalio at Boca while recuperating from a recent illness.

Dolley To Open New Store In Truckee Soon

Donner Mercantile Will Be Opened In Truckee On August 1st

Truckee soon is to have a new industry.

N. F. (Tom) Dolley this week announced he had secured a long-term lease on the S. M. Richardson store on Main Street, formerly occupied by Rossarini's, and on August 1 will open the Donner Mercantile Company.

Mr. and Mrs. Dolley have announced they will stock a complete line of electrical appliances and household goods, increasing the stocks as the materials become available. The stock will include all kitchen, home and garden necessities, as well as electrical appliances and hardware.

Dolley said that he is taking over the stock of hardware, household and kitchen appliances and electirc goods now stocked at the D. Cabona Store, Cabonas retaining, of course, their big stocks of men's and women's wearing apparels, furniture and sporting goods. The transfer will include the transfer of many valuable agencies, Dolley reported.
reported.

Mrs. Dolley planned to go to San Francisco this week to purchase the stock for the opening August 1.

To Give Up Express Job

Dolley said that he was resigning as agent for the Railway Express Company here but will continue his work as constable, deputy coroner and mail messenger as well as his well-established insurance business.

"We firmly believe in the future of this huge trading area and are not hesitant about engaging in business in Truckee," Dolley declared. "It shall be our purpose to provide Truckee with another industry which will be credit to the community. We appreciate the fact that some items planned for our stocks will not be immediately forthcoming, but we will do our best to make the Donner Mercantile outstanding both from a point of service and value."

Here 10 Years

..Dolley came here 10 years ago from Sierraville and during those ten years has earned an enviable reputation as a law enforcement officer and a business executive. During the past seven years he has been agent for Railway Express aside from successfully conducting his insurance business and other pursuits. He was elected constable two years ago. The Dolleys own two homes here and plan to remain here permanently.

V

TOLLEFSENS OPEN NEW TAHOE RESORT

HOMEWOOD, Lake Tahoe, July 19. After weeks of preparations during which time they have completely remodeled the establishment, damaged by heavy snow alst winter, Mr. and Mrs. C. A. Tollefsen of Big Chief Camp, announce that their English Villa dining room at Homewood is now open for the season.

The popular resort is featuring meals, breakfast, lunch and dinner from 8 a.m. to 8 p.m. daily, specializing on home-cooked dinners.

The cabins on the property are also ready for occupancy, Tollefsen reported and early indications are that the place will prove to be one of the most popular at the lake.

Mrs. Tollefsen is directing the activities in the kitchen with two cooks under her supervision.

V

BOY SPEAKERS AT ROTARY MEETING

Milton Brown and Bob Schumacher, students at the Tahoe Summer High School, where they are majoring in public speaking, spoke before the Rotary Club Monday night, Schumacher speaking on American Attitude Toward Free France and Brown on The Chinese Internal Dispute. Both boys gave fine talks and indicated knowledeg of their subjects.

T. T. Buell presided and B. F. Lewis was program chairman. Visiting Rotarians were Otto Fox, Auburn; Phillip Simon, Oakland; J. M. Nathan Corning; Wilmot Hughes, Santa Barbara; Dorse T. Hite, Roseville; A. C. Boehimer, Lodi and George Gilespie of Phoenix.

V

Cozzalio Guests—

Dr. R. E. Zerig and daughter, Nancy of San Francisco were the guests of Dr. C. C. Cozzalio Monday.

Distraction on the Home Front

HITLER'S COWARDICE CONTINUES

If the final decision in war was in the hands of a referee, as it is in a prize fight, this would seem the logical time for him to step into the center of the ring and stop the fight. For there is no doubt that Hitler is leaning so heavily on the ropes that he hasn't a chance to come back. The humane thing, under the circumstances, would be to end the battle and declare the Allies the unconditional winner.

But the big difference between this war and a prize fight is that Hitler has others doing his fighting for him. The tell-tale blows which the Allies are delivering may hurt Hitler's prestige, but the real pain is felt by the German soldiers and civilians who are being forced to continue fighting.

Therefore, because of Hitler's unwillingness to give up in the face of certain defeat, thousands more Allied soldiers and probably hundreds of thousands more of his own people will have to die.

Even the Germans will soon realize that it isn't courage which keeps Hitler forcing them to fight—it's the rankest form of cowardice—the fear of what will happen to him personally when he admits defeat.

RUBBER SOLUTION PERMANENT

One of the greatest permanent benefits our nation has derived from our war with Japan is the overcoming of our dependency on remote islands of the Pacific for our supplies of vital rubber.

When the war started, the processes for making synthetic rubber had been fairly well worked out. But had it not been for the war it probably would have been many years before synthetic rubber would have been made in quantities large enough to meet the demands of American industry. Now, however, because our life almost depended on the speed with which we could make a substitute for the rubber seized by the Japanese, we have managed to boost synthetic rubber production, in two short years, to the point where it now equals the quantity of rubber which we used to import.

Never again will we be put in the position of having to depend on imports for our supply of this vital material, which is a great step forward in our nation's self-sufficiency.

TRAVEL AT MOST CRITICAL CONGESTION STAGE IN COAST INTER-CITY AREA

Facts and figures continue to roll in pointing up the serious congestions facing passenger inter-city transportation on the Pacific Coast and in the nation. Travel authorities recognize the Pacific Coast now as the critical area in so far as passenger transpotation is concerned. Travel upon rail and bus lines has increased steadily since the first of the year approximating 25 per cent over the same period last year—and this increase on top of nearly a 400 per cent increase over the passengers haueld before the war.

Conservative estimates of the armed services and transportation companies reveal thatt more than 3,000,000 service men and women are being moved by the nation's rail and bus lines each month.

A study of travel over 33 Class 1 steam railroads with connections to Pacific Coast points within the Western region reveals these roads to be carrying the greatest loads in their history which if expressed in passenger miels (one passenger carried one miel) would total more than 29 billion 446 mililon 7000 thousand passenger miles.

The time now is here when it can be stated there is not room for the casual inter-city traveler on vacation or pelasure. Those people definitely will hinder the war effort and in the opinion of authorities, strict control will have to be used to prevent their continued travel if pleasure seekers do not stop this practice. But such action not only would deter pleasure travelers but will stop and work general hardships on the others who have war related reasons to travel.

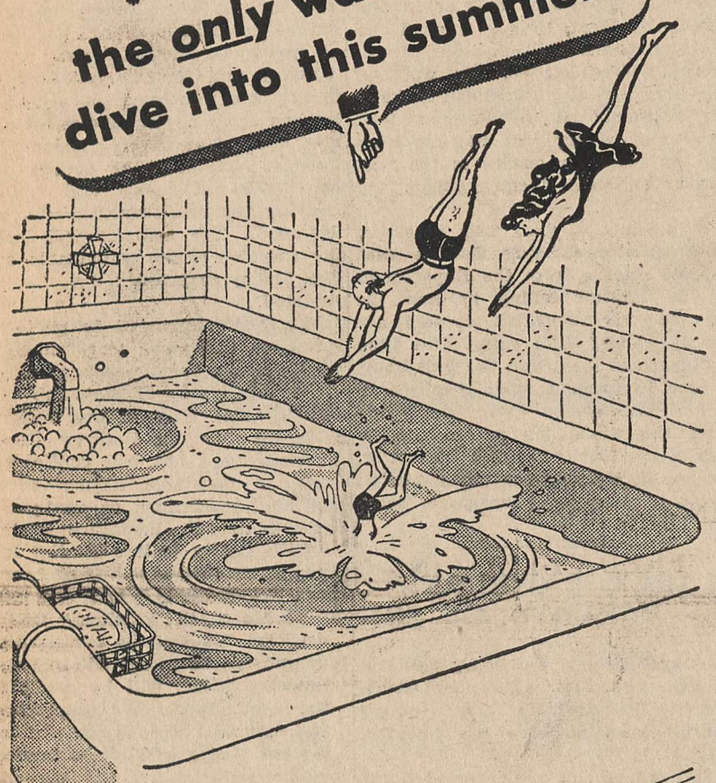
This may be the only water you'll dive into this summer!



Your Electric Water Heater has a BIG JOB to do—*take care of it*

Vacations are certain to be curtailed items this summer. There will be added garden and housework to attend to and water sports may be restricted to the bathtub, shower and washing machine.

Which raises this question: "When was the last time you gave your faithful, dependable, hard-working water heater some personal attention and care?"

Summer is the time to attend to your water heater because summer is the time when your household demands its greatest use of hot water. And here is what to do: 1. Drain your water heater tank of sediment. 2. Keep the water heater jacket ship-shape and clean. 3. Touch up chipped paint spots to prevent rust. 4. If special trouble develops call in a service man for a check-up.

LAKE TAHOE NEWS

By SWANEE Telephone Tahoe City 66J

REVISION MADE IN TAHOE BOND DRIVE FIGURES

TAHOE CITY, July 20.— Due to the fact that a field representative from Sacramento stated that the actual cash value of bonds only may be considered in the quota, Mrs. Harry Johanson, local chairman, has announced the following revision in Tahoe's drive. The Series E bonds sold to date amount to $19,343.75 and other series total $6,636.70 ond outside allocations $15,830, making a total of $41,810.45.

FAMILY REUNION HELD BY MEMBERS OF TAHOE FAMILY

TAHOE CITY, July 20.—Mr. and Mrs. Donald Piggott recently celebrated a family reunion of members of Mrs. Piggott's family at the home of his mother and step father, Mr. and Mrs. Chris Nielsen at Tahoe Park. Together for the first time in 17 years were Mrs. Piggott's sister and husband, Mr. and Mrs. Leslie Swan of Ogden, her brother, John Brotherton of Stockton and a second brother, George of San Francisco.

Just a short time later Leslie Swan dropped dead while talking to his wife at his home in Ogden. The couple had one son a lieutenant in the army air corps.

IT PAYS TO ADVERTISE IN THE SUN

TAHOE LETTER

To the Service Men

From SWANEE

Tahoe City, Calif.
July 16th, 1944

Dear Tahoeites:

Huge raindrops are falling as I start this Sunday letter to you all, with an occasional roar of thunder breaking the humid silence. Almost every day for a week we have been visited with thunder, lightning and scattered showers as the heavens darken around 3 o'clock. Spring this year at Tahoe has been one of exquisite beauty, with the zenith passed, I believe last week. Even the firs and pines are putting out a luxurious new growth of bright green needles and the huge beds of skunk cabbage in the meadowlands give promise of fullest plummed beauty alter on. Many summer they do not bloom at all when heavy early frosts prevent their deveolpment. Right now the buck brush and snow bust have reached their peak and arc beginning to die down, the lovely cream-colored fluffy blossoms turning bedraggelc and brown, but the large blue forget-me-nots which dot the landscape out Sunnyside way arc vieing with the red of Indian paintbrush, purple lupin and yellow buttercups.

Last Thursday morning I arose early to take son Jimmie to work and it was of Marine Pvt. Marilyn Hinkle daughter of the George Hinkles of the Bittencourt Tract, that I was thinking as I drove my car slowly home in the fresh sweet early morning air. For Marilyn had written me only a few days previously from her post at El Centro in the middle of the desert, where she is pilot gunnery instructor, a most facinating job, she avers. This particular day made me think of hat she had written as I dodged chipmunks scampering across the road, marvelled at the myriad bird songs in every treeI passed caught the shadow pattern the bright yelolw rays of the rising sun cast across the highway and watched the thin white haze lift slowly from the lake and the tops of the distant Nevada mountains. For Marilyn, who signed her letter off "your homesick marine" said in part, in speaking of the vaaction home she was looking forward to in the immediate future, "I expect a furlough in about twc weeks and am ocunting the days the way I used to ocunt them before Chirstmas when I was seven. Tahoe has always been God's country to me, but never before has it been such a elightful spot to look forward to. I shall probably take a running leap into the lake and stay there the entire elngth of my furlough." That was last week. This week she has elarned that her long and eagerly anticipated furlough has been cancelled. Poor Marilyn, I can readily smpathize with her disappointment.

Marilyn writes that she frequently hears from Tahoeites Ray Prusso, Charles Henrikson and Jimmy Easton, all now in the service. She likes her desert post, despite its daily 125 in the shade, and little shade, which is alleviated somewhat by a fine swimming pool in which they cool off after their ays work.

She now settles down to another stretch of duty until September, when she again will make plans for that cherished furlough to 'the lake of the skies.' This time, she hopes, with a privaet first class pretty red ribbon to boot.

Mrs. Barney Morrow on Sunday left for the naval auxiliary station 11 miles east of Fallon where her husband is now stationed. She plans to remain several days. Her daughter, Miss Lois Reeves, is entertaining for several weeks at their home near the Tavern golf links, Miss Connie Andressen of Lincoln.

Weller Atherton, Tahoe grocer, has learned recently that his son, Cpl. Leslie Atherton, is well and now stationed in India.

A vacationer at the Tahoe home of his grandparents, Mr. and Mrs. W. A. Simmonds in town is Pfc. Jack Hartley, 18, of the marines. He is a brother of Lt. Howard Hartley who was reported missing on his 60th bombing mission on June 14 over France.

The Carl Wheat family are keeping their fingers crossed for the next two weeks, hoping nothing will happen to interfer with the scheduled furlough which their daughter, Edna now seaman second class at the navy air station at Norman, Oklahoma, is scheduled to receive. The Wheats this week are entertaining Miss La Verne Erickson of San Bernardino. Edna's brother, James and his wife who live in San Bernardino plan to bring her to Tahoe with them on a vacation trip.

Back home again after a trip across country from Tennessee is Mrs. Les Perry, wife of Sgt. Perry now reported transferred to Oklahoma. She is the former Leatrice Goss of Lake Forest and is remaining with her grandparents, Mr. and Mrs. Sam Goss until the arrival of her baby, anticipated late this summer.

I made a flying trip to Tahoe City this morning, arriving at Tahoe Inn just n time to take a picture of Sgt. Billie Bechdolt and his fiancee, Miss Bernardette O'Laughlin of Pasadena, who shared Bill's furolugh here with him. They were waiting to leave with a party who was driving them to Los Angeles and Miss O'Laughiln will return to her home and Bill must report to Camp Swift, Texas by July 19. Just to gratify the curiosity of so many of Bill's old classmates who will be wondering what the future Mrs. looks like, I'll tell you. Just as you'd suspect from her name, she has the typical Irish type beauty, is tall and slim, with blue eyes and dark hair and is sweet and charming. They departed after fond farewells, still undecided whether to marry now or wait until the war is over. I for one wouldn't be surprised to hear that they had chosen to make it a onesome in the southland before Bill returns to camp.

Also went over to the Floyd Carnells this morning and took a picture of Pvt. Dick Carnell and his dad and mom, for Dick too puleld stakes and took off for dear old Camp Gruber, Okalhoma, this morning. His folks motored him to Reno where he took a bus east. A certain little Truckee lady has made Dick's furlough most enjoyable and like Bill Bechdolt, he hated to elave and put it all behind him once more.

Enjoying a week's vacation at their home in Tahoe City are Mrs. Meta Renner and her daughter, Betty up from Los Angeles. Mrs. Renner's son David, who graduated from Tahoe schools, and who has been working in a big plane factory in the south is back in the service again, now empolyed in the engineering department of the air force at a field in Texas.

Must ring off for another week and hope this finds you all in good health and spirits. The thoughts and prayers of the home folks are ever following you, no matter how far you wander. May good luck, good cheer and happy landings be yours.

As ever.
SWANEE.

SPARKS TAKES OATH AS PLACER SUPERIOR JUDGE

AUBURN, July 20.— District Attorney Lowell L. Sparks of Placer County received his certificate of election as superior judge of the county from Governor Earl Warren and Secretary of State Frank Jordan.

Sparks was sworn in last Thursday by Miss Lillian Rechenmacher, clerk of Placer county. His term will begin in January, 1945 and extends until January, 1951.

Tahoe Briefs

Occupying their home in the Bittencourt tract are Mr. and Mrs. Ernest Hoerdler and two daughters of Covina.

A small number of persons attended the meeting called to discuss the proposed new public health setup for Placer County. A notice tacked on the bill board at the post office failed to catch the notice of most of the town's busy popualtion. Harry Johanson conducted the meeting and more information on the subject will be available soon.

The lake level at Tahoe Monday stood at 6227.61 with 238 CSF of water leaving the gates. The warmest day of the week was Sunday with 82 degrees and the coolest morning was July 10 with 39. Weather at this time is sunny and with cloudless skies on Monday morning.

Up for a two week's vacation from Oakland airport where she serves as meteorologist, is Pat Henry, daughte: of the A. M. Henrys of Tahoe City Garage. She was accompanied by Miss Margo Howard als- f Oakland.

Mrs. Emma Gargan of Penryn, mother of George Hinkle of Tahoe City, is enjoying a vacation of several weeks at her son's home. Professor Hinkle is now teaching Engilsh at the University of California at Berkeely.

The student body of the Tahoe Branch of the Placer Union high school Saturday night hosted a dance in the auditorium where a six-piece boys band provided music for the large group, estimated at nearly 100. Refreshments were served.

Mrs. McKinney of Auburn spent several days at the lake last week where she visited the schools in the interest of visual education, showing several films of interest in the time she was here.

Vacatoning at their Lake Forest home this week are Mrs. Lief Nielsen and children of the bay region. She is accompanied by guests.

Another old-timer to return to Tahoe this week to spend the summer is Mrs. Fred Cowell who is occupying their home near the school in town. She is entertaining as her houseguest Mr. and Mrs. Robert Leach and daughter, Maxine and Mrs. Mabel Cowell of Stockton.

Alain Pollitt and Leon Dockham on one of their rare days off, hiked to Star Lake for the day of fishing recently, Pollitt taking the limit and Dockham getting 18 lovely trout all ranging from ten to 18 inches long.

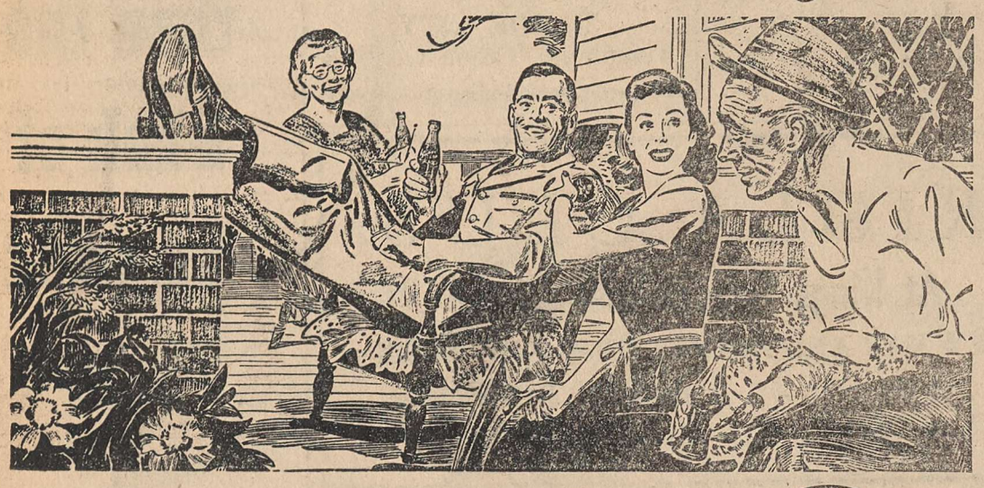
Mr. and Mrs. Charels Warner are up from the bay region to enjoy a weeks vacation at their cottage in the Bittencourt Tract.

BM 2-c Edward Doolittle and his wife and baby son returned to their home in Oakalnd alst week after spending a week's vacation at the home of her parents, the Henry Words ens of Ward Creek.

The Tahoe Forest Service reported one ilghtning fire which burned over a quarter of an acre near Truckee last week.

IT PAYS TO ADVERTISE IN THE SUN

Have a "Coke" = You're home again



. . . or getting back among the folks

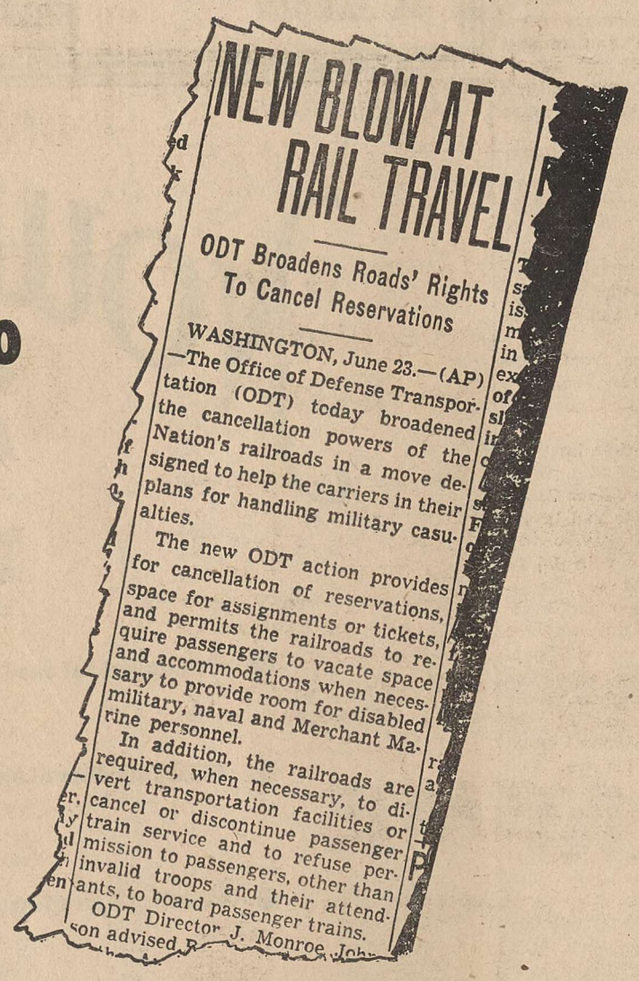
One of the things that makes a returned soldier feel back home is the old familiar phrase . . . *Have a "Coke"*. So greet him with ice-cold "Coke" from your refrigerator. From the border to the Gulf, to home folks and returning veterans alike—Coca-Cola stands for *the pause that refreshes*,—has become a symbol of friendly living.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY
Coca-Cola Bottling Co. of Truckee Calif.

"Coke" = Coca-Cola
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

© 1944 The C-C Co.

We want you to be forewarned



NEW BLOW AT RAIL TRAVEL
ODT Broadens Roads' Rights To Cancel Reservations
WASHINGTON, June 23.—(AP)—The Office of Defense Transportation (ODT) today broadened the cancellation powers of the Nation's railroads in a move designed to help the carriers in their plans for handling military casualties.
The new ODT action provides for cancellation of reservations, space for assignments or tickets, and permits the railroads to require passengers to vacate space and accommodations when necessary to provide room for disabled military, naval and Merchant Marine personnel.
In addition, the railroads are required, when necessary, to divert transportation facilities or cancel or discontinue passenger train service and to refuse permission to passengers, other than invalid troops and their attendants, to board passenger trains.
ODT Director J. Monroe Johnson advised

As you may have read in the newspapers, the Office of Defense Transportation has given the railroads authority to take train space from civilian passengers at any time, to make room for wounded service men.

We sincerely hope that people planning trips not essential to the war effort will cancel their plans so that more room will be left on trains, and so make it unnecessary to take these drastic steps. We are going to take care of these wounded men first. They come first with us, and we believe they come first with you. But we and other railroads would dislike very much to cancel reservations at the last minute, or to make people already on trains give up their space.

The invasion of Europe has started, and how great the toll of wounded will be nobody knows. We have our wounded from the Pacific coming in too. And more and more cars must be taken for them from the restricted amount of equipment left after the regular military requirements are met.

We cannot guarantee that if you start a trip you will be able to get space returning. You must face that fact. If you're away from home on a pleasure trip and emergency space cancellations must be made, you may have great difficulty getting back.

For some time we have been urging people not to travel except on essential business. We haven't enjoyed doing this. For many years we have been trying to promote travel, and it "goes against the grain" to suggest that people stay off the trains. The very fact that we have issued these appeals should indicate the seriousness of the travel situation. And the new ODT order emphasizes this still more.

Why don't we provide more cars, more trains? Virtually no new cars can be built during war time. Materials are scarce, and car builders have been making guns and tanks and other war equipment. With the biggest army and navy in our history, about 63% of all Pullman sleeping cars have to be used exclusively for military service. Travel by men in uniform on furlough, or traveling on orders, plus the greatly increased volume of business travel due to the war production effort, taxes the capacity of the remaining equipment used in regular passenger train service. There are no more passenger cars available. We must get along with what we have.

We have now reached the point where there just isn't room on our trains for people who don't *have* to travel.

People planning a vacation or other non-essential trip may think "There's always room for one more."

Well, there isn't.

If you are planning a train trip not essential to the war effort, we strongly advise you to change your plans, now.

S·P

The friendly Southern Pacific

89

S. P. Honors Its 15,294 Fighters

Representative of the more than 15,000 Southern Pacific employes now in the armed forces on battlefronts and in training areas, these furloughed railroaders posed with their company's Service Flag at recent observance of "S.P. War Service Day." Numerous rallies were held by the railroad's 100,000 men and women to honor their fellow workers in uniform and pay homage to the 56 who are officially reported as having died in the service of their country.

POLITICAL PARADE - - -

By CLEM WHITAKER

President Roosevelt's somewhat belated announcement that he intends to be a "good soldier", and will bow to the fate which decrees he must go over the top for a fourth term, recalls to mind the lines in Milton's Paradise Lost about the shy maiden who .....

Yielded with coy submission, modest pride
And sweet, relucant, amorous delay.

Governor Tom Dewey, the GOP nominee for president, likewise indulged all the artifices of political coquetry during the period of his pre-convention courtship, but now, happily, has put aside pretense and is actively seeking the job he desires.

All of which confirms this writer in the conviction that there is far too much hokum in politics!

Coyness, in a maiden, is a girl's birthright, and a man's delight. But in seasoned men of public affairs, whose bashful days are long since over, it is a form of political caprice that detracts from the dignity of the individual and the office.

Neither President Roosevelt nor Dewey should be blamed too much, perhaps, for indulging in this shop-worn artifice, because they both played conventional political poker—and the public, for some strange reason, has been conditioned to expect this bit of bluffing at the start of the game and not to hold it against the players.

But is n't it about time that somebody demanded a change in the rule, so that men wanting high public office can honestly say they want it without having to make it appear that they are reluctantly acceding to public demand?

"If the people command me to continue in this office," said President Roosevelt, "I have as ilttle right to withdraw as the soldier has to leave his post in the line."

Noble words, but the fact remains that the Democratic National Convention has been stacked by Mr. Roosevelt's friends for Mr. Roosevelt's nomination for months past. And similarly, there was no doubt when the Republican Convention met in Chicago, that the votes were in the bag for Mr. Dewey, even though the convention placards still read: "Draft Dewey!"

Perhaps some day a candidate will step forth boldly and say—"I'd like to be President and I intend to work like the devil to get nominated and elected"—but if that day ever comes, the voting public may think it's a new gag and be suspicious of the chap.

That, in fact, was one of the fatal flaws in Wendell Willkie's ill-fated campaign. He was so frank the people trough him blunt. But there were other factors, which contribuetd heavily to the Willkie debacle, so his case doesn't prove that the people wouldn't welcome a new and refreshing era in poiltics in which candidates were frankly volunteers instead of draftees.

MICKIE SAYS—

MORE WATER HEATERS

Homemakers will welcome news from the War Production Board that a ilmited production of electric water heaters has been approved. Further the WPB established a new quota for production of non-electric water heaters.

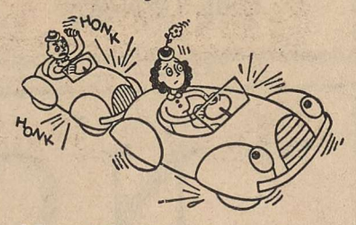
This is a carburetor

Mixing 10,000 gallons of air into every gallon of gasoline your engine uses! That's the carburetor's job.

If your engine flutters, bucks, or goes phfft at traffic stops your carburetor is haywire.



Now Shell isn't in the carburetor tinkering business, but we *do* help keep 'em healthy by removing goo from air cleaners.

This gadget traps dust, bugs, etc. from those 10,000 gallons of air. And when it gets clogged up your engine may breathe-in damaging grit and abrasives. Expensive!

Shell people have a knack with air cleaners. And with Shellubrication... a service designed to prevent your car from joining the 150,000 which are junked every month by Wartime Stop and Go driving.

GIRLS . . . A SECRET!
Cars aren't mysterious at all. *Alice in Motorland* proves it. Your FREE copy awaits at nearest Shell pump.

NO CEILING PRICE WILL BE ESTABLISHED FOR GRAPES

No maximum prices at the grower level will be established on California grapes sold for crushing, the OPA said this week.

This decision was reached, the agency said, after a two-day meeting with representative grape growers and after consultations within OPA said with officials of the War Food Administration. Careful consideration of all the facts presented by the industry representatives indicated, OPA said, that administration difficulties involved in carrying out a program of specific ceiling prices to be charged by growers of juice grapes would outweigh the advantages of such a plan.

Ceiling prices which will be established soon in a revision of the wine regulation will indcate a reflected price to the growers.

NEW B-29 SUPER-FORTRESS IN FLIGHT—The entire globe is the battle area of the long-range bomber of the U. S. Air Force which received it baptism of fire in the memorable attack on an industrial center of Japan. Capable of carrying a heavy load of bombs over a long distance, the great ship can do well over 300 miles an hour and has a ceiling of more than 300,00 feet. It is powered by four 18-cylinder radial air-colled engines of 2,200 horsepower each. Inset, badge of the 20th Air Force, the newly created global com

SIX STEPS NECESSARY IN SELLING USED CAR IN NEW OPA REGULATIONS

Your local ration board is the key to your selling your used car—or buying a new one—for a legal price, E. L. Loynd, price panel chairman, said today. The board clerk will supply information on the legal ceiling price on any passenger automobile.

This does not mean that you will get the full ceiling price for the car; it means that bargaining ceases when the car price reaches the maximum figure.

Those who sell in excess of ceilings are liable to fines of $5000, a year in jail, or both. Buyers can sue for three times the overcharges.

Here are the steps for buyers and sellers of used cars:

1. Get the facts on the vehicle—the make model, year, radio and heater and special built-in features such as overdrives, fluid drive, vaccum transmission.
2. Give these facts to the clerk of the local OPA office.
3. Price clerk tells you correct ceiling, including extras.
4. Individual sellers cannot guarantee car or recondition it and must sell at no more than "as is" base ceiling price. Dealers are alolwed 25 per cent more to recondition car so it can be guaranteed for 30 days or 1000 miles.
5. Get OPA certificate of transfer from clerk or dealer. Certificates must be filled out with itemized list of selling price and signed by both seller and buyer.
6. Buyer turns in certificate of transfer to OPA clerk when, or before he applies for his gasoline ration for the car.

V

NO TIME LIMIT SET FOR CANNING SUGAR BY OPA

V. J. Monteverda, Sacramento district OPA food rationing officer, said this week there s no pressing time limit for making application for canning sugar in this area. The announement was made as the result of erroneosu rumors that applicants must request the first ten pounds per person today or be deprived of that part of there canning allotment.

Monteverda said the restriction is being used in the San Francisco area where friut ripening conditions are different. In the Sacrcamento area of 24 counties, applicants may ask for canning sugar any time up tc February 28, 1945.

V

Fuller's earth is used to extract coloring matter from soap fats, cotton seed oil and kerosene.

TWO IN ONE DUFFLE BAG

Overseas troops are now being issued a new and improved duffle bag, designed to eliminate the carrying of two barrack bags formerly issued to military personnel, the headqaurters of the 9th Service Command Quartermaster Corps was informed at Fort Douglas, Utah.

MORE CANOPENERS

Apparently the can opener will be able to retain its importance in Mrs. America's household despite wartime conditions. For the War Production Board has authorized twice as much iron and steel for the manufacture of the household type of can opener.

V

Thomas A. Edison was born at Milan, Ohio.

To a Man Who's handy with his hands

If you like mechanical work (even though you are not experienced), Southern Pacific has an opening for you that is well worth looking into. The job: Helper in one of the fine crafts at the S. P. shops or roundhouse .... working on locomotives or rolling stock. You'll see the "inside" of railroading .... be in something big ....find railroading more interesting than other work. Friendly people to work with ....a chance to really learn a top craft with a fine outfit. Above all, a job with a permanent company—a job you'll like. Liberal age limits. New, higher wages. Railroad pass privileges. Fine pension plan. Medical services. Vacations with pay. Swell social activities. This is no fly-b-night opportunity. It's for a man who's sincere in wanting the right connection with the right outfit. If you join up with S. P., we're pretty sure you'll not regret it.

North Tahoe News . . .

By MADELINE GALLERANI

The North Tahoe Community Club discussed several items of interest at the annual meeting held at the Kings Beach school house July 12 when they also had the election of officers. D. C. Barnett was chosen unanimously as president to replace George Seymour who is leaving the district.

The possibility of establishing a sanitary district with universal collection of garbage under a taxation plan was given to a committe headed by Roland Smith for investigation.

H. I. Snider, district forest ranger, told of the fire hazards this year due to lack of precipitation and of funds which have been reduced one third in California, bringing protection to a minimum.

Installation of special valves in vital locations for added fire protection was also discussed.

Mrs. Homer LeBallister went to Sacramento and returned with her husband, who will remain for the summer at their Brockway place. They have as their guests Mr. and Mrs. Robert Murray and Mr. and Mrs. Fred Anderson all of Merced.

The Lake Valley Club held the first meeting of the year last week with a pot-luck dinner and planned to repeat it for the first Thursday in August when there will also be a special program.

Mrs. E. Giovannoni of Placerville is the new teacher in the Lake Valley School which opened with 23 pupils on Monday, July 17. She replaced Marcell Barkely who plans to be married this fall at Reno.

Pvt. Norman Celio is home on a ten-day furlough with his parents, Mr. and Mrs. Ceaser Celio who had a family reunion on the ranch located at the foot of Echo Summit at the south end of the lake.

Mrs. W. T. Burk of Reno celebrated her 94th birthday July 17 at the home of her son and daughter in law Mr. and Mrs W. T. Burk who live at the Upper Truckee Wye. The Burkes heard from their son Pfc. Larry who is in England, for the first time in two months and son, James of the medical corps who arrived in England the day his daughter was born.
